**FOR IMMEDIATE RELEASE**

## **Caltrans Safety Improvements along the SR-92/82 Interchange**

**San Mateo County** – Beginning in late March or early April, Caltrans will start a new project that will install a foundation for a new retaining wall along the SR-92/82 Interchange in San Mateo County, and will realign and widen the ramps. The work will take place during weekdays between the hours of 7:00 am and 5:00 pm, and is expected to last about a year.

Some preliminary work, including the removal of selected trees and other vegetation, has already begun.

The work will require occasional lane closures. Drivers are advised to expect delays and encouraged to take alternate routes if necessary. Remember that traffic fines are doubled in construction zones. Please “Slow For The Cone Zone.”
